

Top Tips

Before you choose your homework, think about what materials you have at home—pencils, paint, collage bits, or even recycled materials can all be useful! Some tasks might take longer than others, so plan your time carefully and don't leave it until the last minute. Choose something that excites you and allows you to show off your creativity. Remember, it's not about perfection—it's about effort, imagination, and having a go!

YOU ARE CREATIVE

DELICIOUS ART
SERVED INSIDE

Food for the Soul

DRAWING

View From a Window – Draw the view from any window in your home.

\$£€0.-

RESEARCHING

Famous Landscapes – Choose a famous landscape painting or photograph and research the artist and what makes it interesting. Present your findings visually.

\$£€0.-

ALTERED MAPS

Take an old map and transform it into an imaginative landscape artwork with drawings and doodles.

\$£€0.-

COLLAGE

Textured Collage Landscape: Use fabric, cardboard, or recycled packaging to collage a textured scene.

\$£€0.-

Visual Treats

PHOTOGRAPHY

Time of Day – Take two photos of the same place at different times of day and compare the light.

\$£€0.-

CAREERS

Landscape Architect – Research this career and present your findings in a sketchbook or presentation.

\$£€0.-

MINI DIORAMA

Create a small landscape scene in a box or container using paper and found materials.

\$£€0.-

PAINTING

Weather Scene – Paint a landscape showing dramatic weather—stormy skies, rain, or sunshine.

\$£€0.-
